- Incident location:: South Bound NM84 Getting into Espanola
- Narrative:: I Crystal Martinez DOB 08-04-1992 was driving southbound on NM 84 at approximately 1538. I was following a Marked New Mexico State Police SUV going 60 MPH in a 55 MPH Zone. I had been following Ofc. Durham for about 10-15 miles going the same speed or just below. Upon approaching the final straightaway getting into Espanola Ofc. Durham slams on his breaks and gets directly behind my vehicle at an unsafe distance (following too closely). Ofc Durham activated his Emergency equipment and I pull over on the shoulder in a safe location conducive for Officer safety. When Ofc. Durham approached my vehicle I asked "why did you pull me over" he said you cant ask me that right now. Do I handed over my NM license, registration, and proof of insurance. Of. Durham went back to his vehicle. upon returning to my vehicle he informed me that I was going to be getting a ticket for speeding. I asked Ofc. Durham why if I was going the same speed as him? His tone of voice grew louder and angrier. He did not answer my question so I asked again "how can I be speeding if I was following you"? My Father who was in the passenger seat asked officer Durham when his radar was calibrated? Ofc. Durham yelled at my dad saying that he cant talk to him. I would Compare Ofc. Durham's attitude to an angry child who is not getting his way. I kept asked why I was receiving a citation for going the same speed as Ofc. Durham and he would not respond. Ofc. Durham Cited me for going 58 MPH in a 55 MPH zone. I am Under the impression that unless responding to a certain category of call that demands and expedited response Officers are supposed to conduct themselves accordingly and are subject to the same rules as everyone else. I do not feel officer Durhams actions are consistent with the image New Mexico State Police wishes to uphold. Your Core Values do not condone this type of behavior. •Respect — We will respect diverse ideas, cultures and ethnicity, rendering service in a fair, courteous and dignified manner. •Excellence — We will be distinguished as a world class organization, providing superior service, exceeding customer expectations. •Service — We will be responsive to the citizens of New Mexico and provide the highest quality law enforcement service available. •Pride — We will display our pride by demonstrating dignity and self-respect through personal attitudes, actions and appearance. •Ethics — We will strive to maintain the highest level of ethical behavior possible. •Courtesy — We will be courteous at all times, without exception. •Teamwork — We will work together to improve the quality of life for all of the citizens we serve. My Family has a long history in public safety. My grandfather a retired State Police Officer is rolling over in his grave right now because of the way some officers choose to represent the badge and the State of New Mexico he served for so long. I am one of the biggest supporters for Law Enforcement as a whole but I do feel that substandard officers should be addressed. The only way to get people to believe in your core beliefs is to act according to them and not treat law abiding tax payers in a way that reflects

poorly and contrary to "Ethics, responsibility, professionalism, Courtesy, Service, RESPECT, PRIDE". I will gladly take any citation I am responsible for. However, I will not be disrespected and treated horribly by a substandard officer who shouldn't be wearing a badge if he thinks he is subject to a different set of rules than the rest of the citizens of D-7. I expect this external Complaint to be investigated to the fullest extent. I respectfully request a copy be forwarded to Chief Kassetas and Secretary Greg Forratt whom was so nice and requested to hear about his officers inadequacies. Thank you for your time.

NARRATIVE

Sir, On September 9th, I was in the Taos area on a bus trip, and observed one of your new cruisers stopped there. As a retired Maryland Trooper, I was naturally interested and went over for a closer look with my camera around my neck. About that time, your Trooper returned to his vehicle and began to read me the riot act, and went so far as threatening to confiscate my camera and lock me up if I were taking pictures. I identified myself as a Retired Maryland Trooper, and told him that I was just interested as a fellow Trooper. He sharply advised that it was illegal to take photographs of either him or his vehicle and quickly drove off. I cannot help but wonder if this is Departmental Policy and why? And is Courtesy Dead in New Mexico between fellow Police.
